FINANCIAL DISCLAIMER

I claim full responsibility for services rendered at the Tahoe Center of Natural Medicine (TCNM). I understand that payment is required at the time of service, unless other arrangements have been made.

Naturopathic care is not recognized by Medicare or Medicaid. We are not contracted providers with either system. Any care provided through our offices can NOT be billed to either Medicare or Medicaid.

A Super Bill with diagnostic and procedural information is provided for you to submit to your insurance company for possible reimbursement. Again, this does not apply to either Medicare or Medicaid. At this time I understand there is no official insurance reimbursement for naturopathic care. TCNM does not submit to insurance on the behalf of the patient, it is the sole responsibility of the patient. The Super Bill is provided at the time of service, they can not be reproduced later and should be maintained for your own records.

It is our policy we receive 24-hour cancellation notice. If we do not, we reserve the right to charge the full fee for a missed appointment.

INFORMED CONSENT FOR CHIROPRACTIC TREATMENT

Doctor Campbell uses a spinal manipulative therapy involving her hands or a mechanical instrument in such a way as to move your joints to release pressure. She will examine and discuss her diagnosis with you. In addition, she will refer you to other doctors and suggest alternative therapies as needed.

Chiropractic care is safe. Uncommon side effects of treatment include straining of muscles or connective tissues and rarely, fractures of ribs. Extremely rare occurrences (in the order of one in several million treatments) are reports of cerebral vascular accidents (strokes) and even the reports of deaths that have been attributed to chiropractic care.

Some patients may feel stiffness and soreness following the first few days of treatment. Dr. Campbell will make every reasonable effort during the examination to screen for contraindications to care; however, if you have a condition that would otherwise not come to her attention, it is your responsibility to inform her. Compared to other forms of treatment – especially drug therapy – chiropractic care is very safe!

By signing below, you acknowledge that you have read the above explanation of the chiropractic adjustment and related treatment. By signing below, you understand the risks that may be involved in treatment and have decided that it is in your best interest to undergo the treatment recommended.

Having been informed of the risks, you hereby give your consent to that treatment.
